

WELCOME!

Dear Valued Customer,

Whether you are a current customer or just opening our catalog for the first time, thank you. Welcome to the Horticultural Division of SATO Labeling Solutions America, Inc.

Approaching 2008 we celebrate the many possibilities we have to serve you, a heritage dating back to 1953 when Mr. & Mrs. John Powell started Economy Label Sales and introduced the first Slip-On™ tags and later the first thermal transfer printer to the industry. The importance of tagging and labeling has grown to critical proportion for today's production and marketing requirements; tracking, shipping, merchandising, marketing and transactional accounting of plant material. From our wide range of specialized thermal label products to print and apply application equipment, custom design marketing materials and the introduction of RFID tools, SATO Labeling Solutions America, Inc. is committed to creating solutions for growers and retailers.

We pay tribute to Mr. Powell and recognize his spirit that drove Economy Label Sales to be an industry leader which burns bright among our employees, to serve our customers and provide solutions. He passed away this last March 27, 2007 and is deeply remembered for his contributions to the industry.

We're honored to carry on a legacy of ingenuity as we continue to earn your trust and confidence at every opportunity.

A LITTLE ABOUT ECONOMY LABEL BRAND

The Economy Label Brand is an industry standard known for trustworthy products and outstanding service. SATO Labeling Solutions America, Inc. is proud to maintain this legacy brand, promoting the time tested value that comes with over 50 years of experience.

9 Prints up to 4" or 5" on a 9" web (material width).
TXP3-4 • TXP3-5

Z Fits most SATO and Zebra printers.
Print width may vary

TXPSX THERMAL PRINTER

The TXPSX models contain the features that make them the best-seller in the horticultural market. The rugged powder-coated industrial strength steel case is designed for harsh environments, yet still attractive for office or store settings. These printers easily handle material thickness up to 24 mil at speeds up to 10" per second. They are available with 4" (203 dpi) or 5" (300 dpi) print heads with 10" tag width allowance. The TXPSX models come standard with Parallel Port, Serial Port, Ribbon Save Mode and a FETHER head (floating edge type head revolution). USB and Ethernet connectivity are available as options.

4" TXPSX4	\$3,195.00	10
5" TXPSX5	\$3,895.00	10
USB Port Option	\$190.00	

TECSX THERMAL PRINTER

The TECSX models contain the same features as the TXPSX models however they handle up to 5" tag width. This unit is ideal for tags, labels and signs up to 5" wide. Utilizing the End-To-End Slip-on tags, various pot tags, pressure sensitive and signs makes this the most versatile printer for the money on the market. The TECSX models come standard with Parallel Port, Serial Port, Ribbon Save Mode and a FETHER head (floating edge type head revolution). USB and Ethernet connectivity are available as options.

4" TECSX4M	\$2,795.00	5
5" TECSX5M	\$3,295.00	5
USB Port Option	\$190.00

GL THERMAL PRINTER

The new GL4e series is SATO's most significant release of printing technology to date. Versatility and value are the cornerstones of the new GL4e series; Only the GL4e series offers a field-upgradeable UHF RFID option; an industry-leading printer management utility; SATONET CONNECT™ standard tri-port communication protocols of RS232C serial, IEEE1284 high-speed parallel and USB 2.0 plus LAN and 802.11g Wireless LAN as options; an "automatic detection system" to conveniently switch between 203 dpi (GL408e) and 305 dpi (GL412e) print resolution; an Online Barcode Verifier (OBV) option that validates barcode scanability at point of print; competitive emulations and much more.

TAGGIT PRO™ LABELING DESIGN SOFTWARE AND DATABASE

TAGGIT PRO™
\$359.00

Whether you need to print bar codes, text, graphic images, color pictures or from a database, Taggit Pro™ has the features to help you design and print tags and labels with ease.

- Microsoft Vista ready
- Batch printing
- Full-featured database construction capabilities
- Utilize TrueType fonts, bar codes, preset formats for all our labels and graphics capabilities
- Free phone support
- Includes plant database designed by our company with over 4500 records. This includes Annuals, Perennials, Trees and Broadleaf Shrubs, and is totally editable to add additional varieties or information.

Choosing the right software package is essential to meeting the demands of your on-demand label printing program. We'll help you analyze your needs, assist with installation, make modifications to your database and ensure the settings are correct for your label printing process. Ask us about software and database updates.

LABELVIEW GOLD

LABELVIEW GOLD
\$995.00

This is another wonderful product from the designers of Taggit Pro. This software package is for the ultimate in label design and integration. Label View Gold has the same features as Taggit Pro plus:

- OLE Automation
- Command Files
- Comm Watch
- Data Watch
- Visual Basic Builder
- Label Select

LABELVIEW NETWORK VERSION

If it is necessary to print multiple stations or locations you will need to install Label View Network Version. Please call us today to discuss your needs and we can quote the appropriate software solution.

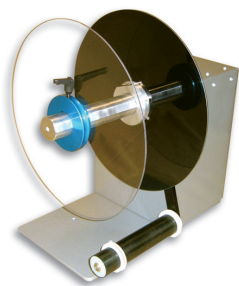

UM12 UNWIND STAND \$225.00

The UM12 is a free-standing unwind stand that accommodates larger rolls. Longer run time between rolls means increased productivity.

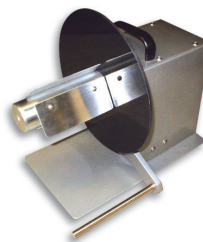

- Large roll capacity
- Large aluminum unwind spool
- Stainless steel dispense edge
- Self-contained
- Mounting holes pre-drilled
- Easy adjust paper guides
- Rubber feet
- No tool change over

RSS06 LABEL REWINDER \$795.00

The RSS06 is built to provide rugged and lasting use. The RSS06 features "Speed Sync", a unique rewind control that automatically adjusts the rewind speed to match the printer speed, ensuring a smooth constant rewind.

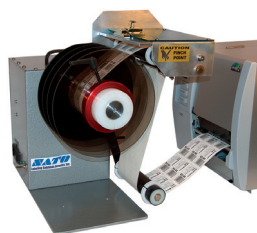

- Wind inside or outside
- Large roll capacity
- Aluminum take-up spool
- Self-contained
- Mounting holes pre-drilled
- Stainless steel pull pin
- Rubber feet
- Inside / Outside / Off switch
- Outside guide disk standard

RA04 LABEL REWINDER \$495.00

The RA04 is a smaller unit making it perfect for label rooms where demands aren't as heavy. The dancer arm activates the rewind spool to control the media for neat rewinding around a 3" core. Features similar to the RSS06.

RSS86-110-S2 SLITTER REWINDER COMBO \$1,360.00

- Slits and rewinds 2 or 3 labels across
- Easy to load
- Compact size
- Heavy-duty construction
- Easy to replace blades
- Speed Sync rewind control
- Two divider plates
- Outside guide

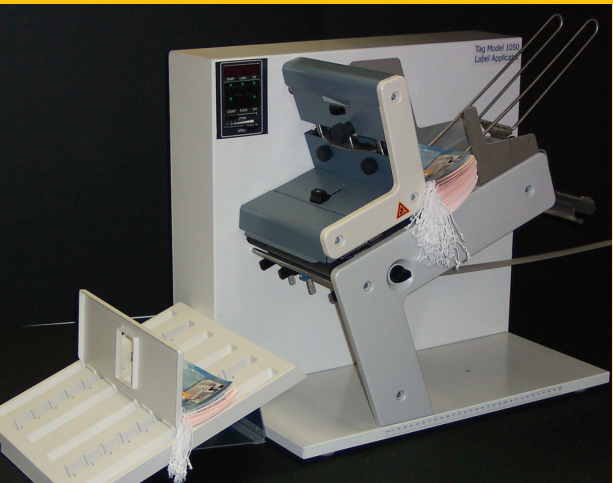

104DS & 106DS AUTOMATIC LABEL DISPENSER

- Large roll capacity
- Large aluminum unwind spool
- Self-contained
- Mounting holes pre-drilled
- Easy adjust paper guides
- Rubber feet
- No tool change over
- 3 Year Warranty
- Options: Resettable Counter, Foot Switch

1040S	4.6" WIDTH	\$545.00
1060S	6.6" WIDTH	\$595.00

LABEL APPLICATOR TYI-1050

The Tag Model 1050 Label Applicator brings to the horticultural industry superior technology to automate application of pressure sensitive labels. By automating this timely step, you will be able to save time and money. With speeds up to 20,000 pieces per hour you will be able to increase productivity while decreasing your costs! And it's easy to operate!

The Tag Model 1050 gives you the ability to customize generic tags with needed information like pricing, barcodes, website location, etc., reducing the need for a large inventory of tags that may not be usable from year to year. The 1050 is a proven winner in high volume situations. Training and service maximize uptime, ensuring your investment for years of reliable use!

SPECIFICATIONS

Speed: Up to 20,000 pieces per hour
(based on a 3" x 3" tag)

Tag size: Length 3" to 31.5" (75mm to 800mm)
Width 2" to 15.5" (50mm to 394mm)
Thickness Up to .3125" (8mm)

Label size: Length .79" to 6.25" (20mm to 160mm)
Width: .79" to 7" (20mm to 180mm)

Counter: 5 Digit LCD Display; Lifetime Counter;
Quantity Select Counter

Feeder Type: Bottom Feed; Top Load;
Auto shut-off when feeder or
labels are empty

Dimensions: 20.75" L x 13.5" W x 19" H

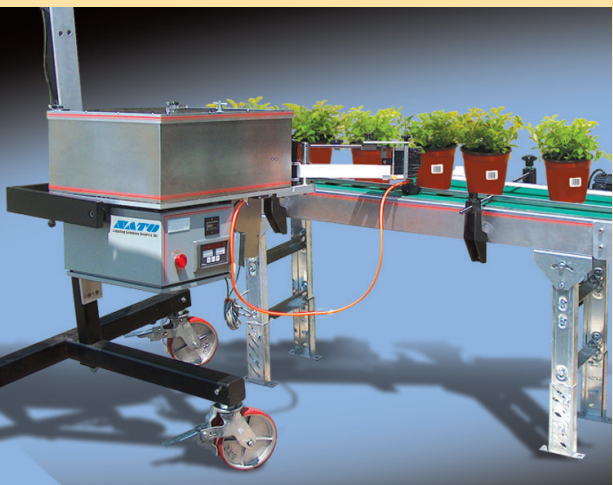

Weight: 60-lbs

Electrical

Requirements: 110 volts, 60 Hz

Options: Label Unwinder, Conveyor stacker

TYI-1050
\$9,700.00

NURSERY CONTAINER LABEL APPLICATOR

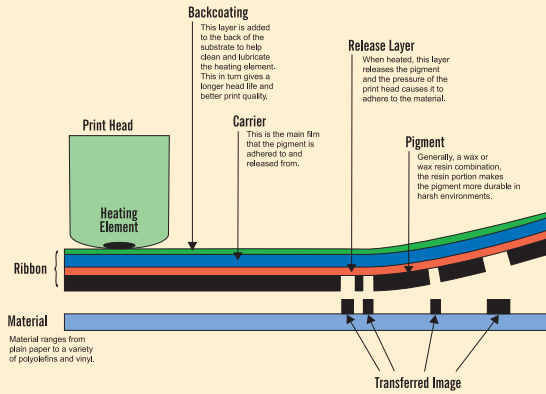

Preprinted labels up to 4 inches wide and 14 inches long are loaded onto the unwind spool, routed around the dancer arm through the drive assembly to the peeler plate and back to the rewind. A label gap sensor and controls ensure proper label registration. When the product sensor detects a product in position, a label is dispensed and applied to the product.

SPECIFICATIONS

- Label repeat accuracy - Better than $\pm 1/32$ inch
- Variable speed stepper motor drive
- Industrial controller
- Label roll 12 inch dia. maximum
- Label core 3 inch
- Maximum label height 4 inch
- Minimum label height 1/2 inch
- Maximum label width 14 inch
- Minimum label width 1/2 inch
- Maximum label dispense speed 850 in/min.
(approx. 70 pots/min.)
- Photo Electric Gap Detection for paper label stocks
- Potentiometer speed control or optional operator control panel
- Product sensor
Standard is retro reflective
Mounting brackets included
- Electrical requirements:
110VAC, 60HZ
- Dimensions: 15" x 12" x 15"
- Warranty
- Mechanical/pneumatic parts 1 year
- Electrical components 1 year

UPC CODES

The Uniform Code Council is the organization that monitors the UPC program. They assign and keep track of numbers that are issued. To apply for a number you must contact the UCC and request an application.

They can be reached at:

7887 Washington Village Drive, Suite 300

Dayton, OH 45459

phone 937-435-3870

email: info@uc-council.org

The UCC will assign you a six-digit number. The first digit is your industry code. The next set of five digits is your vendor number*. This number is unique to your company. The next five digits are product numbers that are assigned by you. This number is set according to a program designed by your nursery. You may have different numbers for price, gallon size, variety, etc. The last digit is a check digit and is calculated by the prior eleven numbers assigned to the code.

We will gladly help you with any questions about UPC codes. We have been printing them for years and have assisted hundreds of customers with printing their own codes.

Please call 800-874-4465 with any questions regarding bar codes.

Note: The UCC has advised that depending on the needs of the applicant, they may assign a vendor number up to seven digits. This variation will affect the number of product digits you will be able to assign within your company.

UNDERSTANDING THERMAL PRESSURE SENSITIVE LABELS

- TOP COATING:** Increases ability of the ink and thermal transfer ribbon to adhere, prevents smearing or flaking.
- FACE STOCK:** Actual label material (paper or synthetic).
- PRIMER:** Increases opacity, improves adhesive anchorage, prevent adhesive bleed and block plasticizer migration.
- ADHESIVE:** Allows the label to adhere to final object. It is available in various formulations to provide desired end result.
- RELEASE COATING:** Silicone based material that prevents the adhesive from adhering to the liner.
- RELEASE LINER:** Provides protection for the adhesive and support for the face stock.
- ANTI BLOCK COATING:** Prevents adhesive from sticking to the release liner as the roll is unwound.

EASYTOUCH™ LABEL DISPENSER

Prices subject to change without notice.

THERMAL PRESSURE SENSITIVE LABELS

FLORATHERM SENSITIVE STYRENE (FT) 3.2 MILS

FEATURES:

Aggressive permanent adhesive that resists water, chemicals and sunlight.
Adhesive label is ready for use on containers, flats, and most smooth, dry, non-porous surfaces.
Standard rolling is "labels facing cores".

PRE-PRINT MINIMUM ORDERS

Color printing: 10,000 per variety.
Black printing: 5,000 total order, 1,000 per variety.
Print charges: call for quote.

CLEAR AND KNOCK-OUT ADHESIVE LABELS

All of the below label sizes are also available in a Clear Synthetic (Plastic) or with Knock-out Adhesive. Clear labels are commonly used to place variable data on custom printed picture tags in an attractive manner. Knock-out adhesive labels are designed to cover up whatever is behind the label. If you need to re-price or change a bar code, the Knock-out Adhesive label will not allow the original information to show through. If you are interested in either application, please contact your Authorized Strategic Partner for a quote.

SATO Labeling Solutions and Bedford Industries have partnered to produce a revolutionary hang tag. Utilizing the patent pending ElastiTag™ attaching device, this new Sold Tag is the first of its' kind. The highly weatherable rubber attaching device is extremely easy to use and can wrap around a wide range of products. Since the ElastiTag™ attaching device is extremely stretchable, you can feed the tag through the slit for small caliper items and a tight fit. Or you can simply use the slit to slide the tag on to large caliper items.

OTHER ELASIT TAG CUSTOM PRODUCTS AVAILABLE. PLEASE CALL FOR MORE INFORMATION

RINGER AND RINGS

The ringer has revolutionized the auto-ringer market with its "pneumatic-like" action and ease of use. From balling and burlapping, to tagging of pots, this tool puts affordability with quality. The "D" shaped ring creates a triangle "△" when attached.

CATALOG #	PRODUCT	QTY PER BOX	1-4	5-9	10-19	20+
Ringer	9/16" Plier	1	\$106.00	\$97.20	\$96.89	\$91.05
515DG50	9/16" Hog Ring 15GA	5,000	\$55.95	\$53.15	\$47.56	\$44.76

P7 AUTO RINGER

The application of the self-feeding principle to the familiar hog ring plier meets a need that all users of this fastening method have been waiting for. The auto ringer cuts operating time and costs, and increases savings and profits. A very useful tool on every job within the range of this staple size. The SR8 rings for the P7 are galvanized. The "C" shaped ring creates a circle "O" when attached.

CATALOG #	PRODUCT	QTY PER BOX	1-4	5-9	10-19	20+
